

Chateau de la Font du Loup

Rhône valley

In the south of the Rhone Valley, in the heart of the Châteauneuf-du-Pape appellation, an exceptional terroir and a northern exposure yields wines of great finesse.

Biodiversity is preserved with the help of beehives that produce an exceptional honey and the fertility of the soil is maintained thanks to the sheep that colonize our vines for several months. We are committed to organic farming since early-2021 and achieved HVE 3.

The Château de la Font du Loup benefits from natural irrigation thanks to the famous spring that brought the wolves down from Mont Ventoux and from an important water table nearby.

Production	35,000 bottles
UPC Bar Code	3760209920505

Tasting Notes

The nose develops aromas of blackcurrant and ripe cherry giving it an incomparable freshness and deliciousness. Freshly crushed black and red fruits and sweet spices envelop the palate.

A blend of Syrah and old Grenache vines, this fruity wine is a perfect accompaniment to your meals. Best paired with beef carpaccio, duck, roasted sea bass fillet, comté and reblochon cheeses, pears au gratin with blue cheese and hazelnuts.
