Tasting Notes

Intense red cherry color with violet hints typical of its youth. Elegant floral nuances with a touch of pepper and undergrowth. Ample and generous to the palate with sweet tannins that open out to fruity aroma notes.

Bodegas Salzillo is in the solarium of the Sopalmo mountains located in Jumilla's district of Encebras. It is a modern and functional cellar, safeguarding a philosophy of traditional winemaking. The facilities have a processing capacity of 2 million kg of grapes with the latest oenological technologies.

The cellar can accommodate 60,000 bottles for aging purposes. French and American toasted oak barrels are primarily used to offer diversity.
